PLAYBOY'S NUDE CELEBRITIES

PLAYBOY PRESS

Our first offering of *Nude Celebrities* (July '95) featured *Baywatch* phenom Pam Anderson. In the hopes of duplicating the runaway success of that issue, we bring the world's number-one beach babe back—and double your pleasure by pairing her on our cover with *BW* buddy, Donna D'Errico. Once you catch your breath and dry off, you can dive back into this star-studded issue, starting off with the world's five (or is it six?) most-talked-about females, who we herewith dub Sex Goddesses. We make a return pilgrimage to worship

Pam, the Barbi Twins (is that one or two?), Jenny, Anna Nicole and Cindy—to behold their beauty and ask for their blessing. Hallelujah! Our section on entertainers offers a revealing glimpse of performers from TV, motion pictures, music and the Internet—with a side trip into the world of pro wrestling and men's clubs. We feature a group of lovely ladies who are as stimulating as they are talented. A new genre of self-help books has found its place onto the nightstands of America, and to celebrate the beauty and wisdom of these gifted sex gurus, we've put together a trio of Sexy Authors. If their heady advice

for lackluster performance doesn't get the desired results, a quick study of their physical charms may just do the trick. It's always fun to have one of our own make it into the headlines and, as the saying goes, it couldn't have happened to a nicer girl. As we went to press, the announcement was made that Camille Donatucci, *BOL* cover girl and Readers' Choice selection for 1996, will soon become Mrs. Kelsey Grammer. Congratulations Frasier, you're one lucky fella. We know it's a lot to ask, but we hope you'll continue to "share" your bride with us. Our Newsmakers section returns with a review of O.J. Simpson and his *PLAYBOY* connection. To wrap up this special issue, we tip our hat to a group of captivating beauties we lovingly call *Playboy's Own*. *Night Calls*, the most successful show on the Playboy Channel, is the not-so-private playpen of two of television's hottest hostesses, Doria and Julie. If you've never caught the show, this photo escapade should get you to demand a hookup from your local cable operator. We also give you another look at *BOL* favorites Patricia Ford and Lisa Boyle, as well as Playmate Shannon Tweed, who celebrates the release of her own Playboy celebrity video. In an age when fame can come and go faster than ripples in a pond, we take pride in all the *PLAYBOY* women who have ridden that wave to stardom. And we honor the others who have plunged unexpectedly into celebrity waters.

SEX GODDESSES

pam

ANDERSON

We like Pam because she takes matters into her own hands: First mesmerizing us with her refreshing good looks, then metamorphosing into a contemporary Bardot, making us sweat from the heat of our desire. More recently, Pam tread fearlessly onto the silver screen with star billing in her first feature, *Barb Wire*. The former *Baywatch* beauty, who has been snapped by more photographers than a camera case, makes headlines without even trying.

The Barbi Twins

Sia & Shane

Whoever coined the phrase "too much of a good thing" obviously was not acquainted with Shane and Sia Barbi. Catapulted into the public eye by their knockout *PLAYBOY* spreads, the tantalizing twosome (and their runaway calendar sales) prove there's value in seeing double.

SAMANTHA FOX

If you believe in the power of a name, it's plain to see that Samantha Fox lives up to hers. Still Britain's favorite pinup queen, Sam's status as a pop star swept her out of P. readily and onto the international circuit where she continues to draw record crowds with her funky disco beat. Cheerio!

Donna D'Erice

Donna D'Erice is a young woman with blonde hair, wearing a red one-piece swimsuit, standing on a beach. She is holding a red surfboard vertically in front of her. In the background, a yellow car is parked on the sand, and the ocean is visible.

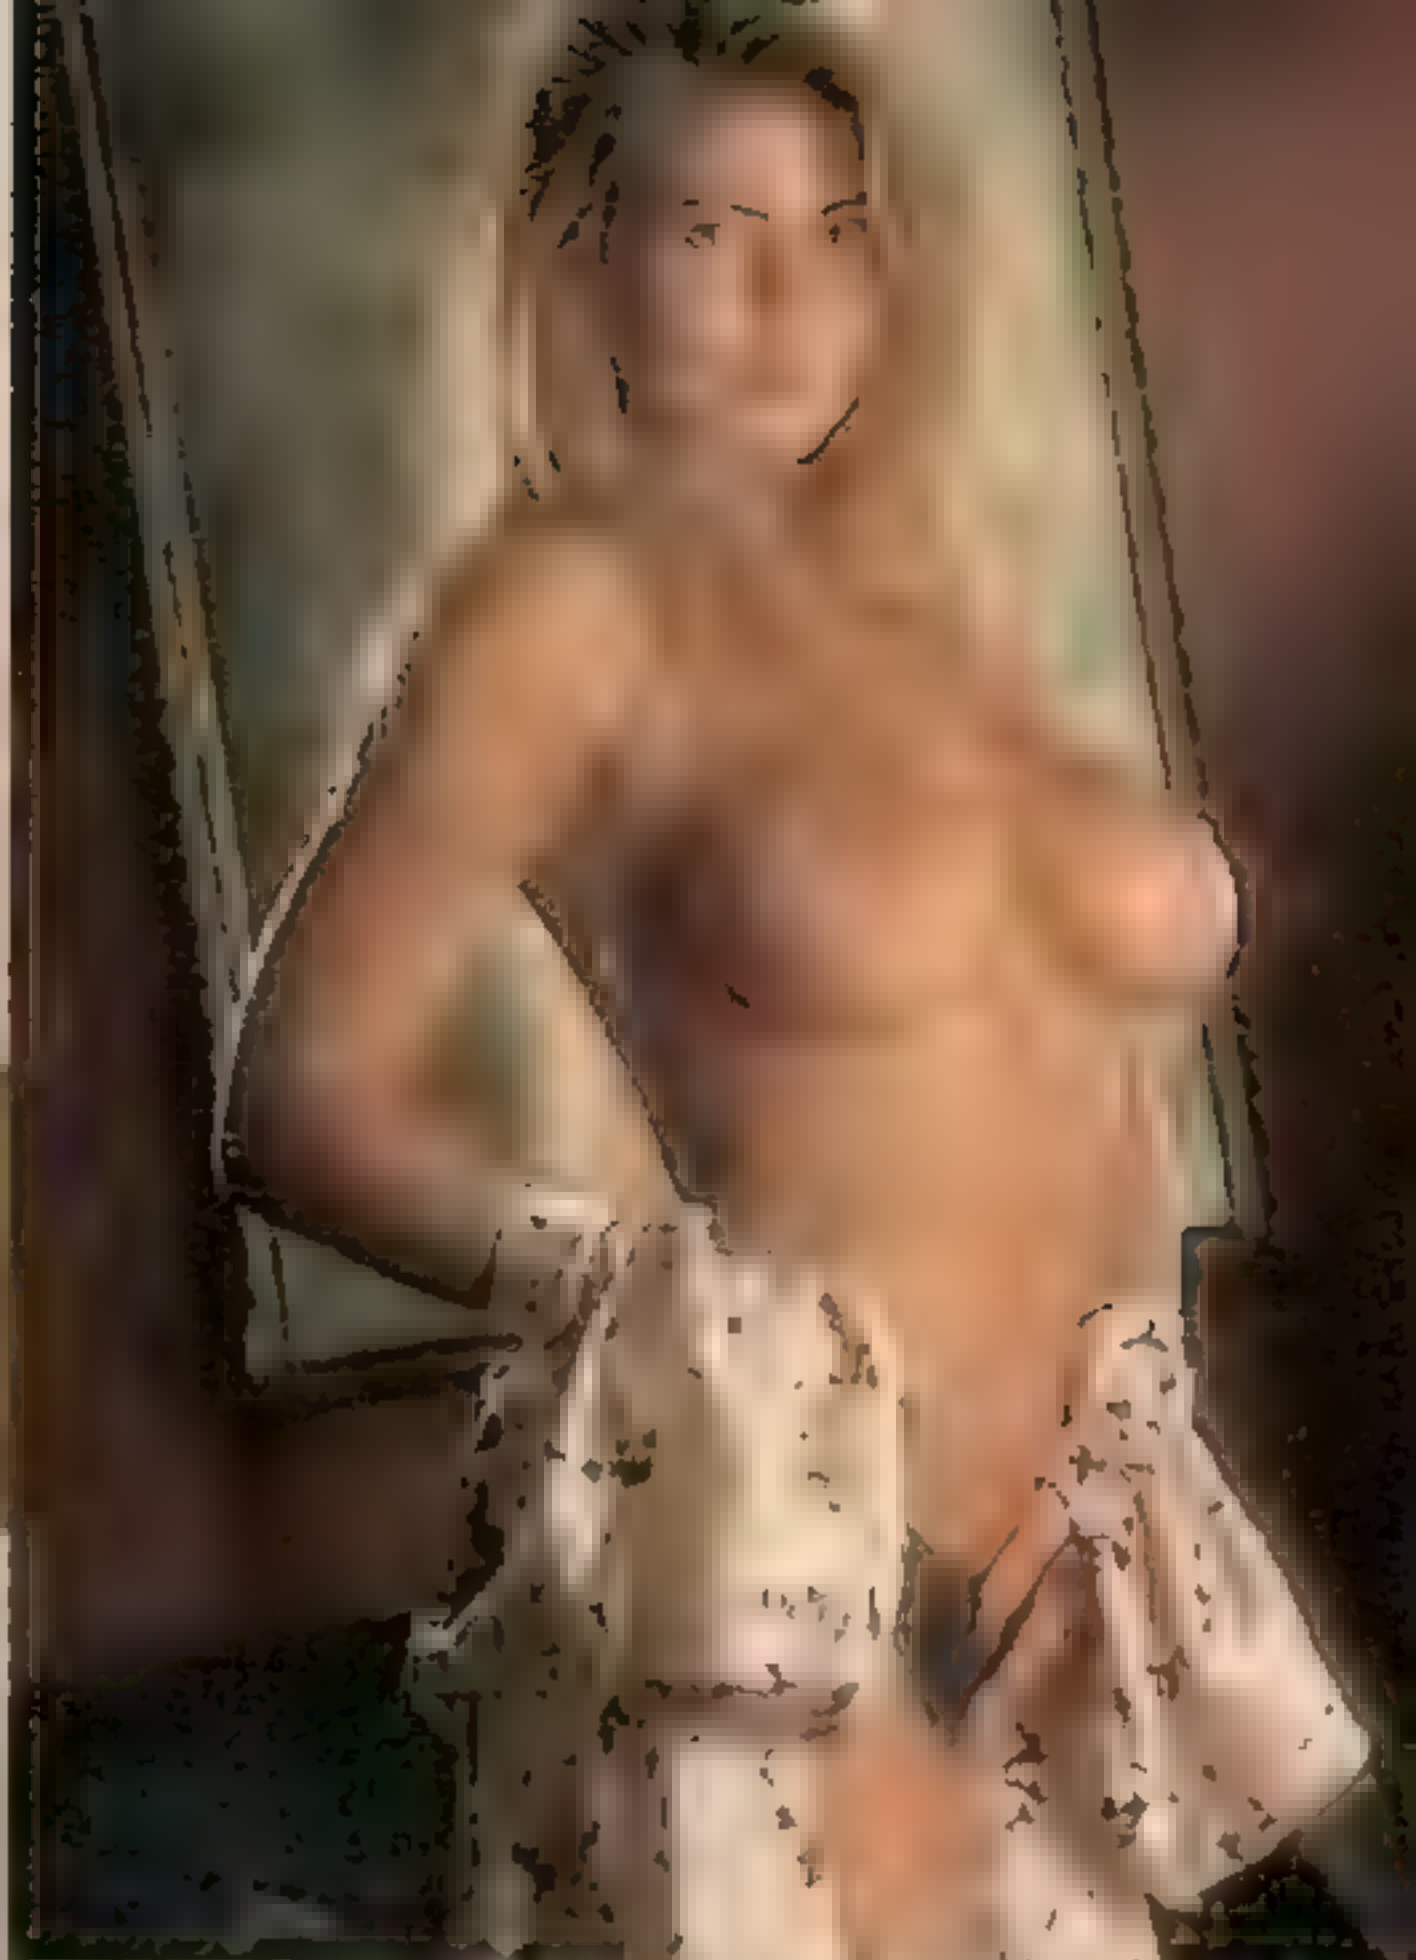

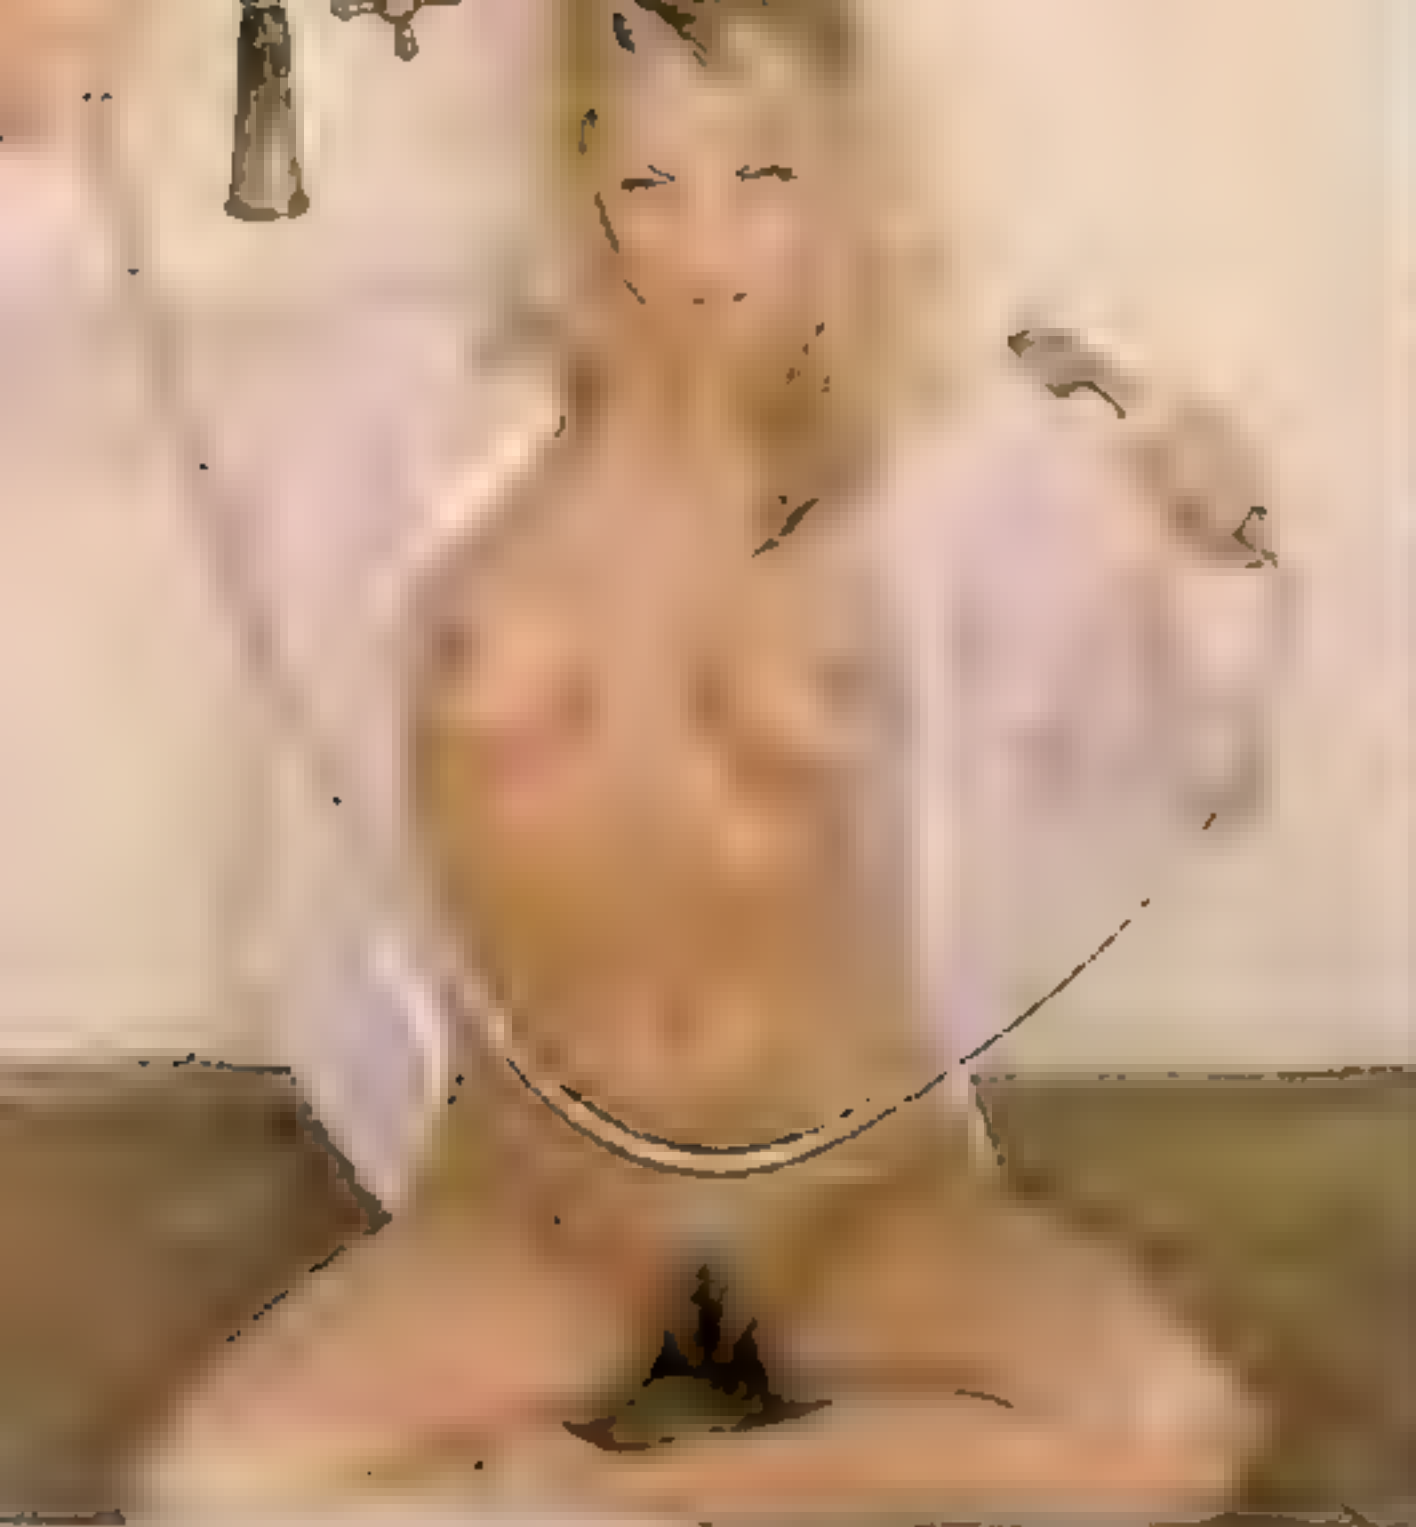

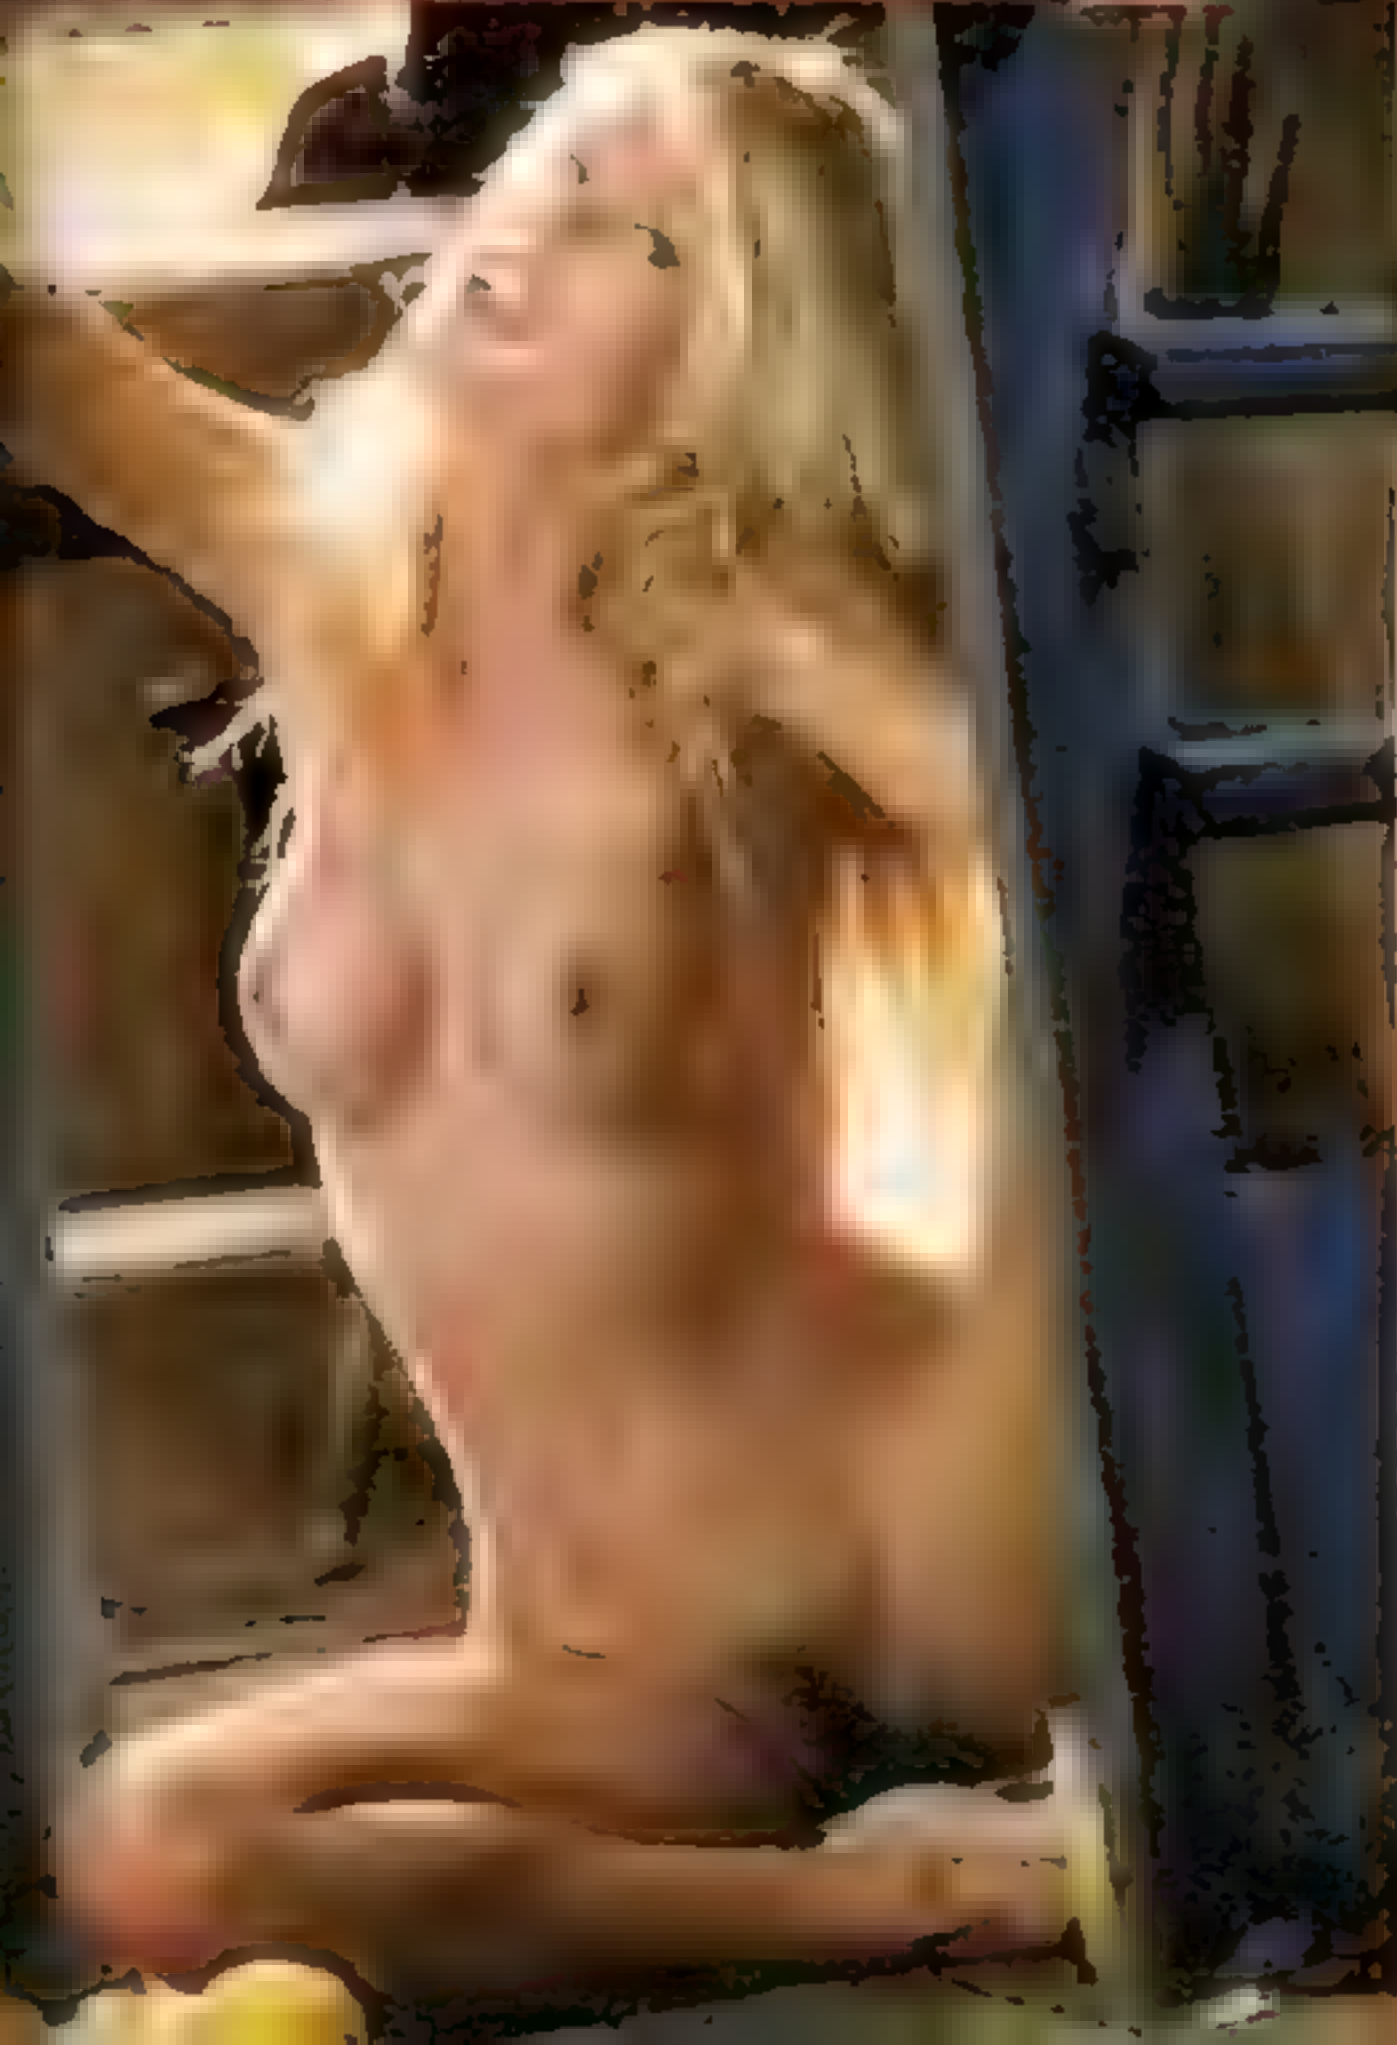

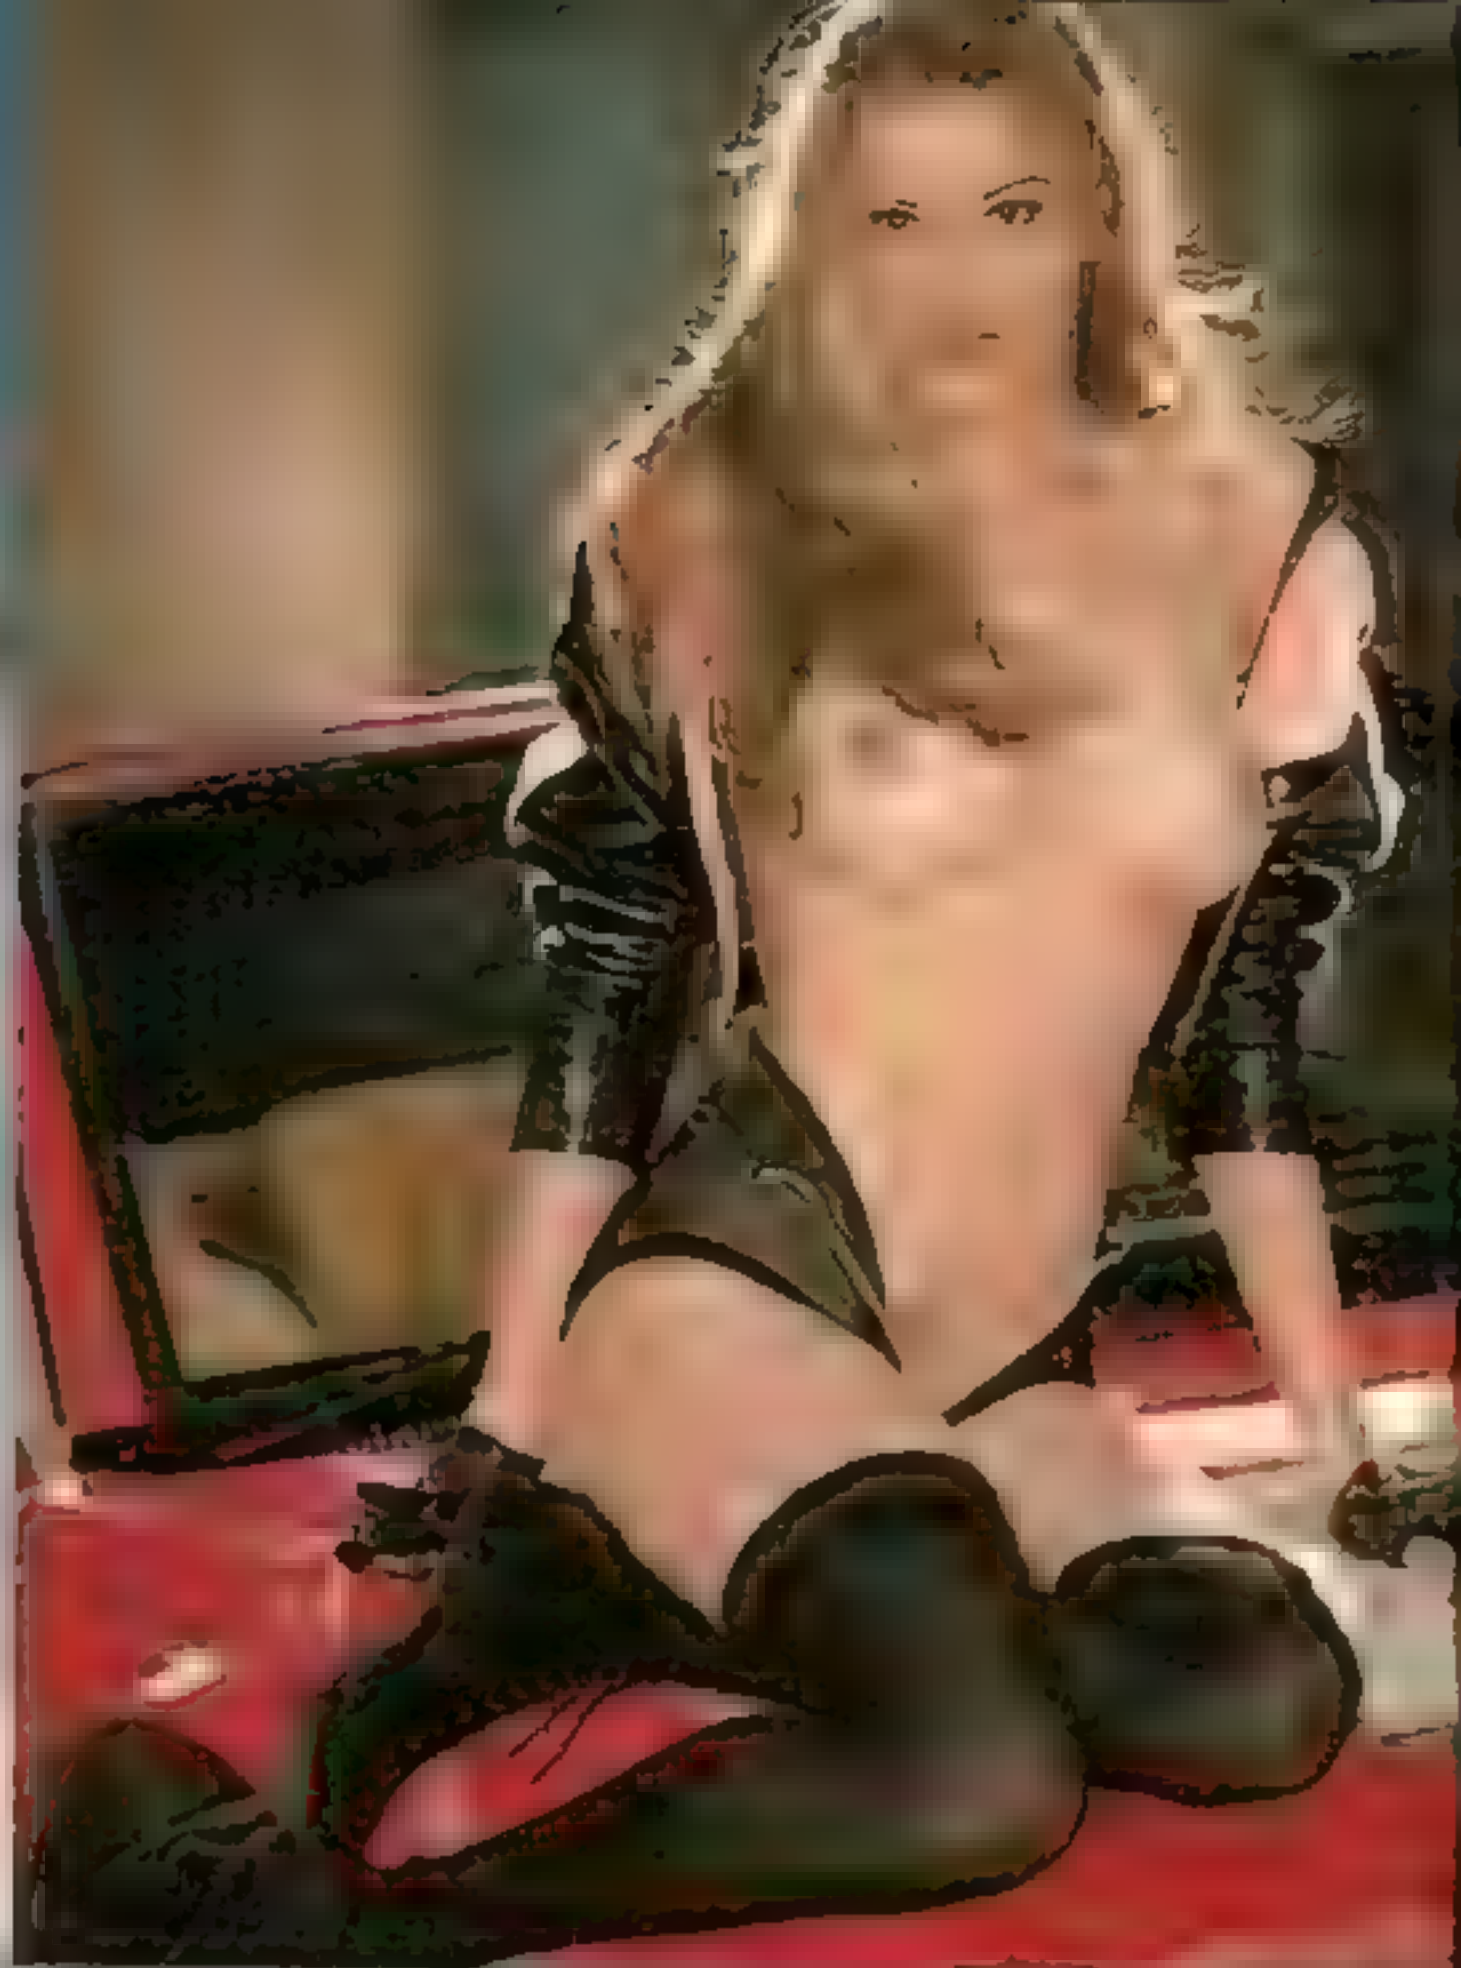

Baywatch Babes

Speaking of *Baywatch*, do we detect a pattern? We've sent more than a dozen beauties off patrolling *BW* beaches. *Baywatch* alum Erika Eleniak starts the body count. Luscious lifesavers on this page, clockwise from upper left: Barbara Moore, Cheryl Bachman, Shae Marks, Elke Jeinsen, Lisa Marie Scott, Heidi Mark, Gossie Compton, Julie Cialini.

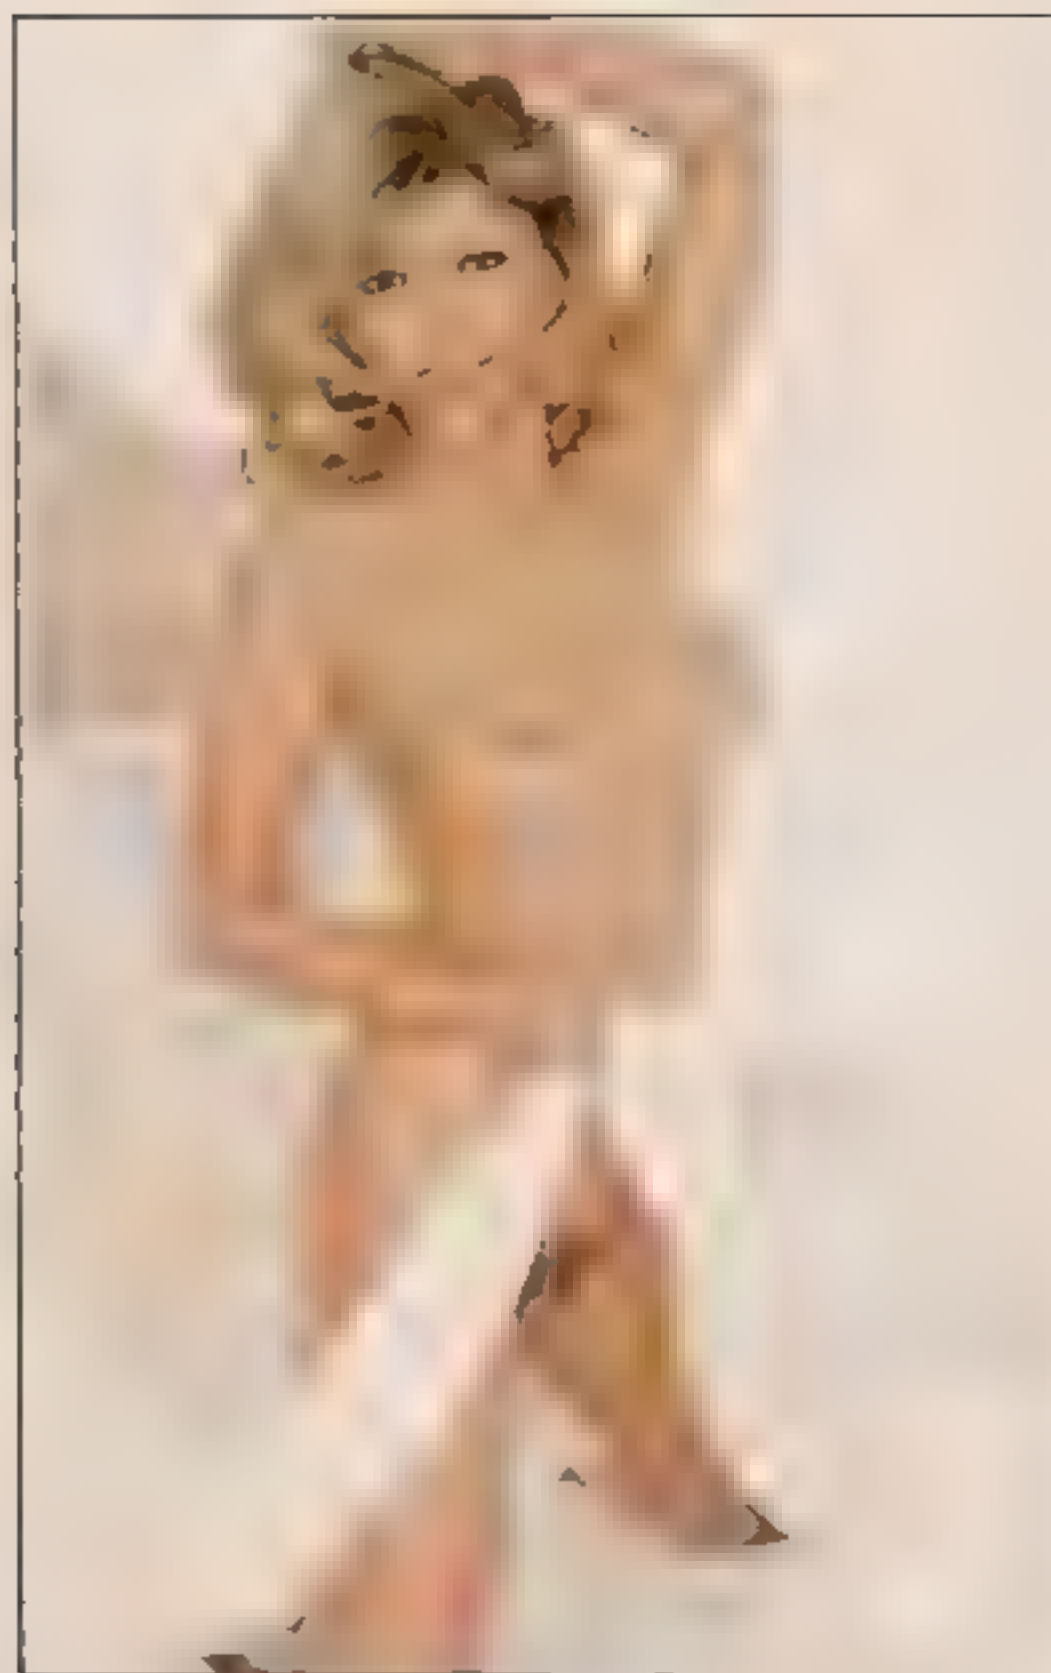

Unable to concentrate on seashells, we continue the *Baywatch* tally, clockwise from upper left: Renee Tenison, Donna Perry, Neriah Davis, Wendy Hamilton, Suzi Simpson, Azalea Davila.

NANCY
SINATRA

When we hear the name Sinatra, Old Blue Eyes isn't the only one that comes to mind. With her sassy sensuality and a resurrected singing career, Nancy and those infamous boots have walked right back into the spotlight. Undaunted by her maturity, Nancy is philosophical in a way that only a fabulous looking woman can be: "A younger woman brings beautiful breasts to the pictures. I bring OK breasts and lots of personality." While she's right about the personality, we'd rate her stats better than OK.

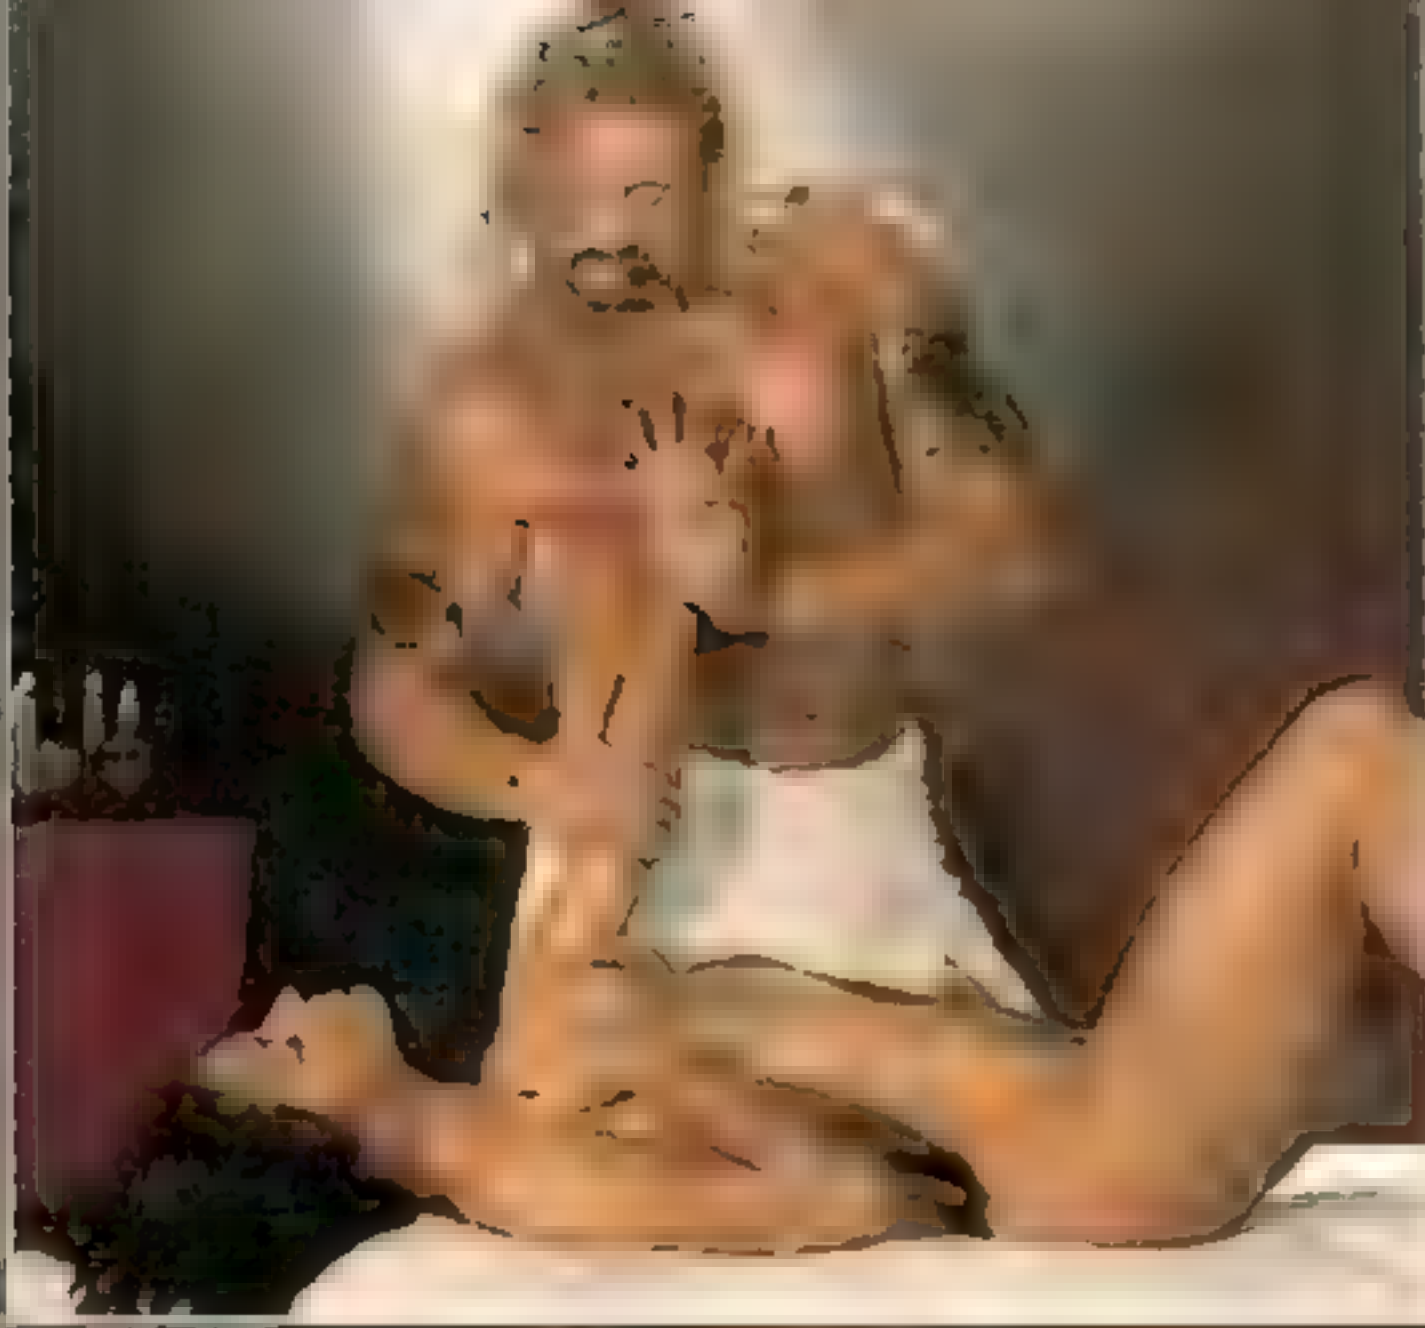

KIM PAGE AND DIAMOND DALLAS

If you know anything at all about wrestling, you know about Diamond Dallas. A heavy-weight on the hit TNT cable show *Nitro*, Dallas is a man who likes to stand alone. Except, of course, when it comes to Kim, his Diamond Doll. The two were recently reunited after a nasty bout that cost Dallas the match and the trophy—Kim—to his archrival, the Booby Man. But that twosome was never meant to be. Dallas, meanwhile, didn't confine his maneuvers to the wrestling ring, wooing his lost love behind the scenes. Kim is now back in his life and on fire. There have been some changes their

A Georgia native who grew up "voluptuous and sheltered," Pandora's allure goes far beyond her obvious charms. One look into those deep, sea-green eyes and you're hooked. They mesmerized director Russ Meyers (who cast Pandora in her first screen role, *Her Life and Times*) as well as the producers of *Striptease* who gave her a part teaching Demi Moore how to caress and undress for profit and pleasure. Well known in strip club circles in real life, Pandora's own formula for success is to make sure her crowd leaves with "laughter in their hearts and sex on their minds."

KRISTIN HEROLD

Don't look now, but Kristin Herold is one of the hottest celebs in cyberspace. As part of the cast of *The Spot*, the Internet's first and most popular soap opera, Kristin breathes life into her character, Michele, a twentysomething model. Kristen's most unusual e-mail? A posting from a viewer skeptical of actual audience input who asked her character to pose in a bikini in front of the refrigerator with a strawberry. She did.

SEXY AUTHORS

Brenda
Venus

Sensualist Brenda Venus claims the distinction of being the last lover of *Tropic of Capricorn* author Henry Miller. Fortunately, Brenda doesn't face the same censorship issues that Miller did many years ago. Her new book, *Secrets of Seduction*, can be ordered through Playboy Products.

BARBARA KEESLING

Sex therapist Barbara Keesling earned her Ph.D. in psychology, launched a sex therapy practice, served as a sex surrogate and most recently penned her third guide, *How to Make Love All Night and Drive a Woman Wild*.

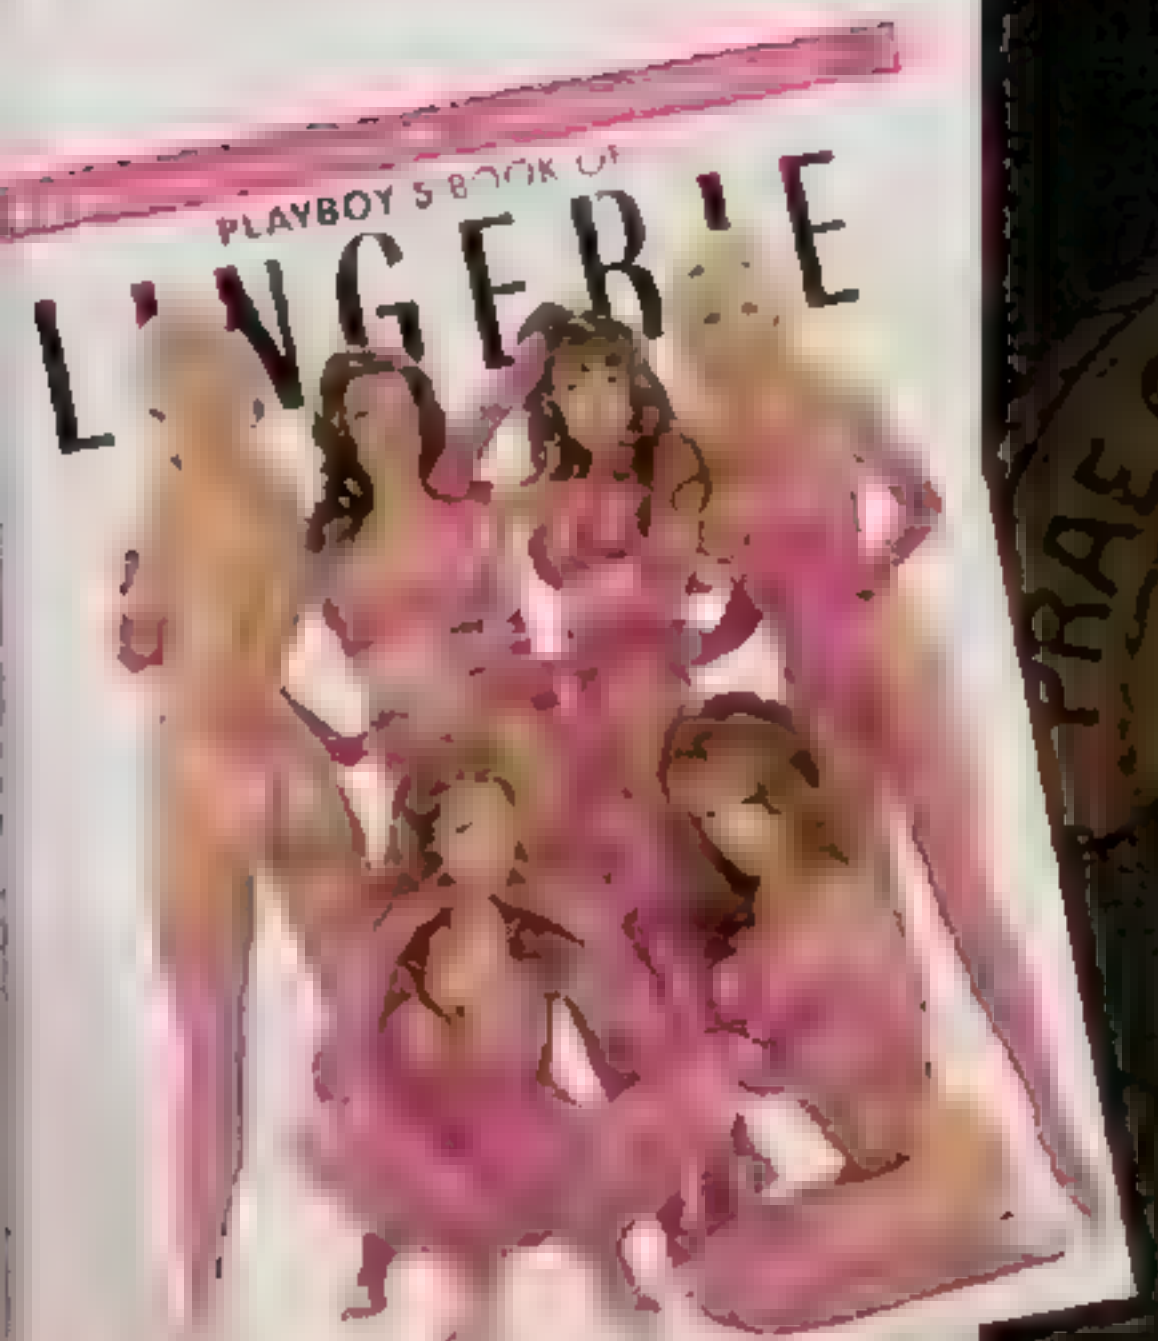

Being the mom of celebrity bad girl Drew wasn't enough for Jaid who drew on her own experiences for *Secrets of World Class Lovers*, an erotic manifesto that covers everything from the thrill of public sex to kinky masturbation

Donatucci is not a face in tabloid stories because of her relationship with Roseanne Barr. She's also not a model because of her extensive appearance on the cover of Playboy. O.J. SIMPSON THE PLAYBOY CONNECTION

PLAYBOY INTERVIEW
O.J. SIMPSON

< TRACY HAMPTON: From the jury to showbiz

After telling Judge Ito, "I can't take it anymore," the TWA flight attendant was dismissed from the jury in May 1996, only to turn up last March posing in *Playboy*. With the bunny already earned, she quit her job, began acting classes and is now auditioning for TV and movie roles. Single and 37, Hampton has dated one of the news reporters—she won't identify which one—who interviewed her after her dismissal. She hasn't sought out any of her fellow jurors since O.J.'s acquittal, but as for the question, "Did he or didn't he?" she thinks he "probably" did.

O.J. Simpson has got to be the '976 *PLAYBOY* interview during his heyday. Simpson was a former visit to *Playboy*'s offices to have a photo taken (see the bunny Tana). In the years since, the Juice has disappeared in mysterious ways. After his legal troubles began, it was Traci Adell, Miss July 1994, who surfaced as the woman Simpson kept phoning the night Nicole was killed. That woman had never spoken to Simpson before he evidently captivated her as much as she did the rest of us.

you can't seem to get enough of the all-time great O.J. and Nicole Simpson. *Playboy* magazine can't, either. They had the two on their cover last week, and this week's cover story works it up again. This time, they've talked to model and actress Traci Adell, who claims she got a call from Simpson the night his wife and Ronald Goldman were murdered. Adell, *Playboy* entered this month, claims she had never spoken to him before. But that she talked for 45 minutes that night and that he made her cry. Well, sure, at the end of his life, he was with his wife and of his own free will.

A busy Miss July almost met O.J.

Since appearing in *Playboy*, Traci Adell has found herself the subject of a lot of attention. Adell, known as the "Miss July" of Memphis, is 31, 5'10", 140 lbs., and is a former Miss USA. She's a *Playboy* fan and the month she was named Miss July, she was in *Playboy*. Adell says she never met O.J. Simpson until she saw his photo in the magazine. She says she was at a party where she saw a photo of him. She says she was at a party where she saw a photo of him. She says she was at a party where she saw a photo of him.

Matrimony agrees with the newlywed Mrs. Lorenzo Lamas. A stunning honey-maple blonde, Shauna has had a successful modeling career since the age of nine. NIGHT CALLS

What do Jill Ashion and Doria have that you want? A chat line that lets you call them live during their thrilling cable show, *Night Calls* which airs on the Playboy Channel on the first and third Wednesday of every month. Ranging from topics such as "Sex and Holiday Parties" to the "Gift of Giving." These shows keep the phones ringing. Who can blame callers for trying to get through?

PLAYBOY'S OWN

PATRICIA FORD

Patricia and Lisa have graced the covers of our lingerie books a total of seven times and, judging from our reader response, that choice showed excellent editorial judgment. Patricia, a Hawaii native and May/June BOL cover girl, was crowned Supermodel '96 after a legion of fans voiced their support. She then launched into cyberspace as one of the ten most requested celebrities alongside Demi, Sharon and Brad. Lisa, our March/April '95 cover girl, has made numerous television appearances and landed roles in three Roger Cor. productions and two for our own Playboy Channel. With trends like that, these ladies have nowhere to go but up.

FAQ (Frequently Asked Questions)

Hello, I am writing from Australia. It's impossible to get back issues of NSS. Can you help? Is it possible to order issues by credit card? ...M.J.

Hi, I'd like to buy or order NSS, but I can hardly find them in France, and it seems impossible to order them. Please do something! ...Love, Pierre

We contacted the folks in Playboy's catalog division and they supplied the following info for our overseas fans:

Customers can order Newsstand Specials, back issues of the magazine (and all other Playboy catalog merchandise) through the Playboy Store on Playboy's Internet site, www.playboy.com. Some products cannot be shipped to some countries because of content. We also don't ship at all to some countries, but we handle these on an order-by-order basis.

I went to six bookstores looking for the current NSS and no one sells it. They sell PLAYBOY and BOL but no one seems to sell all the Newsstand Specials. I live in the Detroit area. Where can I purchase them? ...C.D.

If you can't find our products, just e-mail or fax your zip code and we'll send a list of vendors in your area. This saves you time, trouble and lonely evenings.

KNOW SOMEONE WHO SHOULD BE IN PLAYBOY?

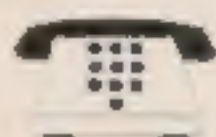

If you or someone you know would like to enter the glamorous world of Playboy, here's what to do: Send recent color snapshots, Polaroids or slides that clearly show face and figure. Include a complete list of personal data. This should indicate height, weight, measurements, activities, sports and any interesting or unique biographical information. If you are a college student, include school, year and major. Potential models must be 18 years of age or older and be able to prove it. Photocopies of two pieces of identification must be included with all submissions. The following forms of ID will be accepted: driver's license, passport, birth certificate or school I.D. One piece of ID must have a current photograph. Photocopies of credit cards will not be accepted. Submissions returned only with self-addressed stamped envelope.
